"THE VOICE OF THE SOUTHWEST MISSISSIPPI GULF COAST"
Bay St. Louis - Waveland - Pass Christian - Long Beach

79, NO. 12

BAY ST. LOUIS, MISSISSIPPI 39520 THURSDAY, MARCH 19, 1970

SINGLE COPY 10¢

SH FESTIVAL - A crowd of approximately 8,000 turned out Saturday for the Waveland Civic Association's traditional annual St. Patrick's Day parades. The entourage of floats, paraded by local businesses and organizations, was enthusiastically greeted by the excited onlookers, who caught the usual assortment of beads, doubloons and trinkets.

chool Board Budget analyzed By Mayor

By Joe Pilot, Staff Writer
Why make a budget?" asked Mayor Warren Carver of McCullough, Superintendent of City Schools after pointing to the wide disparity between the estimated budget as read with the actual amounts involved in school operations in Bay St. Louis for fiscal year 1969-70.

A three-page letter dated 17 and addressed to each and other members of the City School Board including Robert Hamilton, president of the Board and Board members Howard Adams, Wm. Land, Frank Whalen and Honley, Mayor Carver said "I believe that a budget gently made and carefully adhered to is most to be had. An intelligent allowance of various allowances certain purposes placed before the Board a limit of one-half for the period covered."

The following paragraphs quoted directly from Mayor Carver's letter during the 1969-1970 fiscal year convention included organizations, Federal, State, and local amounted to \$14,86. Of this amount, sum of \$424,390.04, or represented money directly from local tax-

erived comparative amount of budget estimates and receipts and organization has been compiled for 1969-1970 school year period leaving nothing mentioned above to come from local sources, fully ad valorem taxation,

amounted to \$419,985.00. Actual receipts amounted to \$470,067.00. Actual receipts were \$465,242.14 or \$4,824.88 short of the estimate. (Cont. on Page 3-A.)

Federal-State Leaders Speak On Local Potential At NASA/MTF

By Novillo R. Jacob
Jacobs M. Bulch, manager, Mississippi Test Facility, National Space and Aeronautics Administration, on Tuesday delivered the opening address at the Louisiana-Mississippi of the Federal Council for Science and Technology, meeting in a two day session, there.

Bulch, in his opening remarks, told the conference of the damage done to the Mississippi and Louisiana Coast Zones by Hurricane Camille and the steps being taken to rebuild the area. He further suggested how science and technology could be applied to the rebuilding task and how the government could locate scientific projects within the boundaries of the Mississippi Test Facility.

The space agency manager told his group that his facility represented a project built with complete coordination between private industry and governmental agency and suggested that the association be continued in different fields of endeavor.

Each was followed by the podium by Dr. Edsel Thrash, executive director, Board of Trustees of Mississippi Institutions of Higher Learning, chairman of the event.

Other speakers on the program included Eric C. Ward, executive editor, Federal Council for Science and Tech-

Beer Hours Set By Waveland Board

During a recent session of the Waveland Town Board an ordinance was passed unanimously by the Board which set the hours for selling beer or wine within the limits of the town. That part of the ordinance setting the hours for the selling of such beverages is as follows:

"It shall be unlawful for any person, firm, or corporation to sell, give or dispose or permit to be consumed in or upon any licensed premises or any bar or wine between the hours of midnight and seven o'clock the following morning Monday through Friday, and between the hours of one o'clock and seven o'clock Saturday morning and between the hours of two o'clock and seven o'clock Sunday morning."

Sheriff Fred Curet told the

Insurance Bills Await Senate

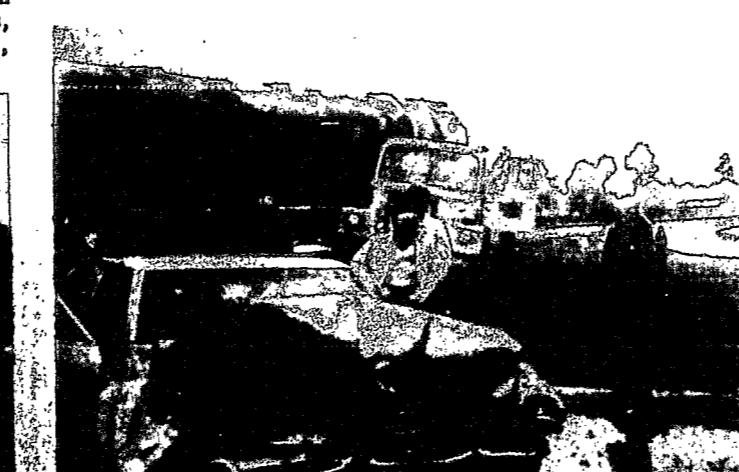

Lawmakers in the Mississippi House panned two insurance bills, Tuesday, one to make home policies available on the Coast and the other to protect policy holders if a company fails.

One bill is to set up a Mississippi Insurance Underwriting Association which is an effort to make insurance policies available in hurricane hit areas. Coverage would be distributed equally among members of the association and all companies

writing this type of insurance in the state would have to take their share of the coverage.

The other bill permits fire and casualty companies to form a voluntary association to protect policy holders if their participating company went broke. Participating companies would be assessed by the Board of the Group to be known as the Mississippi Guaranty Association to provide funds for covering such losses.

Both bills now face Senate action.

TOTALLY DEMOLISHED was the official description of the accident. The driver and passenger were rushed to the hospital, and remain on the critical list. The driver and passenger of the truck were also severely injured and carried by ambulance for emergency treatment. Officials say it is a miracle that there was not a fatality.

Harbor Construction Waits Board Approval

Council Approves

5 1/2 Million Loan

The Governor's Emergency Council for the recovery of the Gulf Coast after Hurricane Camille has approved, subject to minor adjustments, to be discussed with affected officials, immediate loans to City and County governments from \$6,500,000 appropriated by the State Legislature for that purpose.

In addition, the Council has approved the first grants under a separate Five Million dollar State appropriation.

The approval was voted at a meeting of the Council Wednesday and announced today by E. L. Brunini.

The grants approved by the Council total \$318,328 to Bay St. Louis for \$112,547; to Pass Christian for \$76,921 and Long Beach for \$64,537.

The Council also reported the Insurance Department of the Department of Housing and Urban Development is expected to approve within the next thirty days the writing of home flood insurance in all cities and towns of the Coast. Brunini also announced that the Council had been informed by Mr. Fred LaRue, President Nixon's representative on the Council, that several million dollars in EDA loans for the stricken area had been approved at the regional office in Huntsville and approval of the loans and grants in Washington

is expected within days.

The Council also took additional action which it hopes will help make available commercial insurance coverage necessary to get the rebuilding program fully underway. The Council requested the Governor, Chairman Brunini and other officials to meet with insurance companies doing business in Mississippi and seek a satisfactory arrangement under which insurance can be obtained, particularly for buildings located in low level, high risk areas along the beach. inability to obtain insurance has been the major holdback of extensive rebuilding efforts.

Brunini also announced that the Council had been informed by Mr. Fred LaRue, President Nixon's representative on the Council, that several million dollars in EDA loans for the stricken area had been approved at the regional office in Huntsville and approval of the loans and grants in Washington

is expected within days.

The Council also agreed that if the expected Federal financial assistance is received, major operations of the Council particularly its staff, should be established on the Gulf Coast. Negotiations for the impon-

ing settlement have been staged over a period of several weeks between Charles H. Hill, port director, a committee of port and harbor commissioners, and representatives of the firm led by Grant Bultman, president.

Initial labor recruiting is

being handled by STAR, Inc.,

who is setting up offices in

the Webb Community Center

on Third Street. On the job

training will be provided and,

in addition, STAR is arranging

a series of "pre-conditioning"

work classes. These classes

will cover such things as safety,

work habits, project demands,

and the like. Once work com-

mences it is intended to expand

classes into the more technical

areas of blue print reading,

construction material qualities,

and basic trade requirements.

Primarily concerned with the

manufacture of prefabricated

housing units, DDI intends later

to branch into the fields of tool

manufacturing, steel fabrication,

plastics, pipe fabrication,

chemical cleaning, and boat

boat repairs.

In other matters, port com-

missioners sent to the board of

supervisors for approval a reso-

lution requesting they be

given permission to lend the

U.S. Corps of Engineers emer-

sion funds to cover that orga-

nization's share of dredging

costs at Bayou Caddy.

This move followed a motion

in which the port group, now

charged with the responsibil-

ity of developing Bayou Caddy

for commercial and private use,

adopted a resolution of local

cooperation pledging their in-

tentation to fulfill the require-

ments of the Corps of En-

gineers should they undertake

the dredging program.

The corps was funded to

undertake the project but not

until fiscal year 1971. To fa-

cilitate the restoration of the

seafood industry destroyed by

Hurricane Camille and provide

for recreational boating the port

commission volunteered the

local plan. Under the plan the

corps just as soon as the '71

allocations are received.

The local cooperation ag-

reement covered such items as

construction of public docks,

fuel facilities, access roads,

rest rooms and picnic areas.

Gems Galore in Rag Barn Store

Plants are not frequently in the city limits along the Gulf Coast, the Rag Barn in Pass Christian is an exception. It is quite a sizable with 4,000 square feet and sales space and all 3,000 feet of warehouse.

There are plenty of parking around this building and summed up the story in what he said: "All are are parked around here, a Cadillac next to a jalopy, or maybe a sport coupe next to a dilapidated old car. The drivers have one comment: They're in Barn looking for a

help, one of the owners said it this way: "Our known as Direct Stores, Inc. The Rag Barn department. Another name is called The Rowing business dates 1961 when it was opened as an outlet store for items from the Shirt and Factory. Gradually merchandise was added and helps says ninety percent of goods handled by us. As the popularity increased other were added. There's Pittsburgh, Another in Louisiana, Camille in the Gulf Plaza store is the one in D'Iberville. Camille did damage in Pass Christian of events occurred forced the close business for several

Trinity Episcopal Socks Volunteers

Assistance is sought by Durie B. Hardin, rector of the Trinity Episcopal Church of Pass Christian, by volunteers who are willing to work on Saturday in the Live Oak Cemetery. Work to be done is difficult and heavy. Toward the back section or the older part of the cemetery there still remains a great deal of debris created during Hurricane Camille. Throughout the cemetery there are monuments that require straightening and resetting. "This project does not come under any of the Federal Aid programs", according to Rector Hardin who says that he has received complaints of the once-lovely burial ground.

Those able and willing to assist are asked to come to the cemetery on Saturday morning at 9:00.

OLC REGISTRATION

Our Lady of the Gulf School announces registration will be held for the 1970-1971 school term on Wednesday, March 25, from 9:00 a.m. until noon. Recently adopted guide lines of the Diocesan School of the Diocese of Natchez-Jackson will be followed.

SCHOOL Budget

(Cont. from Page 1-4)

Receipts from Federal sources amounted to \$37,152.07 which does not include the sum of \$88,230.73 received under the Title I Funds. No estimate of receipts from any Federal sources appeared in the budget. During the year a total of \$83,550.00 was borrowed to meet unanticipated expenditures. The following is a breakdown of the amounts shown in the budget receipts section:

Short-term loans, \$34,200.00; long-term loans, \$36,000.00 and transportation equipment leases, \$14,350.00.

"A recapitulation of budget estimates of receipts was \$80,000.00 while actual receipts (inclusive of \$80,230.73 Title I Funds) amounted to \$83,550.15, or an under-estimate of 0.70%.

"Because of the elimination

from the budget of the above mentioned Title I Funds, the expenditure section of the comparative statement has also been revised. Total administrative costs which include professional salaries, clerical salaries, contracted services and other administrative costs were estimated to be \$27,172.00. Actual costs amounted to \$40,392.00 which excludes \$8,516.43 of the Title I Funds.

Actual excess budget expenditures under administrative costs was \$13,220.00 or 48.04%.

"Estimated cost of instruction which includes salaries of principals, teachers, librarians, guidance personnel, teaching supplies, etc. was \$873,442.00. Total amount spent was \$853,359.37. This latter figure does not include the sum of \$71,722.00 spent from the often mentioned Title I Funds. Instructional costs including that latter figure amounted to \$725,061.46.

"Health services is a minor cost involving actual expenditures of only \$774.72.

"Transportation costs were budgeted at \$12,258.00 and a total of \$14,367.37 was spent, or an excess of 17.21% above the estimate.

"Estimates of costs for the operation of the school plant for year 1968-1969 amounted to \$33,014.00 while actual expenses totaled \$73,693.61, or an excess of 15.46% above the estimate. Not included in the actual expenses as shown by the budget is the additional expenditure of \$6,549.86 from Title I Funds, making a total of \$79,243.47 spent during the year for operational salaries, heat, utilities except heat, supplies, except utilities, and other expense for the operation of the plant.

"Maintenance of plant for the year was estimated at \$21,544.00. A total of \$22,210.33 was spent and this latter figure does not include the sum of \$10,806.90 spent from Title I Funds. Total cost to maintain the school plant was, therefore \$40,017.23. Actual budget excess (excluding Title I Funds) was \$7,666.33, or 55.56%.

"Even though the expenditures made from Title I Funds have been excluded from the expenditures made by your Board, the capital outlay section of the budget is a matter of concern to me. Only \$2,000.00 was budgeted. A total of \$8,816.31 (not including \$20,604.96 from Title I Funds) was spent for sites purchased instructional equipment, and

McCullough Thanks Both City Councils

J. D. McCullough, Superintendent of City Schools, recently addressed a message to the members of both Bay St. Louis and Waveland City Councils in which he said:

"It is impossible for me to express adequately my appreciation to the members of your Council for making possible the construction of another elementary school in our school district. Upon completion of this school on St. Joseph Street, all students in grades 1-6 from Waveland will attend this school.

"It has been my good fortune to work with quality schools and to live and associate with people who have a genuine interest in education. For this I am most thankful.

"My School Board joins me in expressing to each of you our sincere appreciation of efforts on your part."

McCullough said he felt gratified and highly pleased that the construction of the school had become a reality. He recalled

transportation equipment. The excess amounted to \$86,518.31. Total amount spent under this category including funds from all sources was \$87,121.26.

In concluding the Mayor said: "Please be assured that nothing in my remarks is intended as a reflection on the honesty and integrity of those in charge with the administration of financial affairs. I am firmly of the conviction that tax matters and public spending are matters of which the general public should be informed. Their money is being spent. They have a right to know how it is being administered."

Chosen for leading roles in the zany comedy were Gloria Rosato and John Scalfida, American tourists seeking refuge in the embassy. Principal supporting roles were assigned to Al Carlson, Jill Gex, Curtis Matherne, and Andre Arceau. Rounding out the wackiest cast of characters to cross the theater boards in many a year are Dickson Shortle, Horst Heimann, Bunk Gardner, Irons Thomas, Victor Franchievic, Jr., Hank Stockman, Roger Crull, and Lois Wiltz.

Our readers write

Editor, Sea Coast Echo:

I don't believe that most of us realize the losses we actually suffered from Camillo until we prepared our income tax returns for this year. The importance of existing income tax legislation stands naked in the wake of our disaster.

Some of the salient features of our income tax laws are as follows:

You pay insurance premiums year after year on your home. These are not normally deductible. However, when you suffer a loss, any compensation received from insurance must be subtracted from the loss declared. Either the premiums should be deductible or the insurance compensation not considered against the loss.

If you really were hit, and had a loss exceeding your current year's income, you must "carry back." The first carry back is not last year as would be logical, but three years back, in most cases to 1966. Before you can qualify to carry back, however, you first have all normal deductions for the current year. No exemption for you or your wife, medical, charity donations, or other normal deductions are allowed. This is true even if the disaster occurred on December 31st and you had lived a peasant year the other 364 days. Regardless of the size of medical bills, they can't be deducted.

5. When you carry back, you don't merely deduct your net income as reported for that year from your loss. You must recalculate each year without benefit of personal exemptions. By the time the calculation is finished, you wind up in most cases owing the exactly lost, losing your deduction and having to "carry back" very little of your taxes, and expected to "carry forward" the rest.

Many of us believe that the only possible good from Camillo might be a lowering of our burden. Even this, in most cases, was a delusion.

PAUL VEGAS

Editor, Sea Coast Echo:

I have been watching your editorials regarding the Bay St. Louis ordinance pertaining to the keeping of deer within the city limits. I hope you can find some one in this part of the country that is not afraid to publish what I am afraid to do.

Third, the only ones who will benefit from this are the ones who own the land (177 acres) adjoining this property. This is mostly marsh land which is worth hardly anything but they will be paid \$2,250.00 per acre for it.

During a question and answer session, Mr. Russell Elliott, chairman of the Hancock County Board of Supervisors, stated that local funds would be used for the project partially, to purchase an additional 177 acres of \$2,250.00 an acre total cost of this 177 acres will amount to \$388,250.00. Mr. Elliott explained that the land to be used will be given to the public.

The figures contained would total approximately \$125,000.00 over a purchase of 177 acres of land. I would like for the members of the Board of Supervisors to explain to us just how they propose to pay the \$288,250.00 still owed on 177 acres of land without an increase in taxes or bond issue?

Before retiring, we lived in a city of about 15,000 for about 20 years. Until 1960, the City Fathers believed in giving the taxpayers something concrete to return for their tax dollars; such as good schools, efficient fire and police departments, street repair, including the 100% paving of them naturally, and community services. There wasn't a just reason for the taxpayers to object to these expenditures.

After 1960 things changed. In later years, Dads that were supposed to be targets and kept on your premises or one leave named at will. If you called the Dog Warden, you were told to catch the animal and then he would come and pick up. These Dads, on most occasions, would be found in the bars and night clubs. They would be found in the bars and night clubs. They would be found in the bars and night clubs.

In 1967, due to the publication of the action of the City fathers, the taxpayers were not

ed down all issues for increased tax levies and bonds including the schools. As a result all the city departments were scrambling for payroll money within 6 months. The taxpayers lessons were learned the hard way by the City Fathers; as a result all bond issues and tax levies were voted in at the 1968 elections.

It may be a crazy idea but I honestly believe that if one or two pieces of "Deadwood," people receiving monthly disability renumeration for doing little or nothing were eliminated in each and every department in the Federal, State, and Municipal governments, there would be plenty of money for current need. I am afraid that this will never occur for too many people are uninformed or satisfied with things as they are, therefore fail "To Stand Up and be Counted".

Thank you for the space necessary to publish this letter.

P. CLIFTON DODD

Safety Engineer (Retired)

Editor, Sea Coast Echo:

For the benefit of Hancock County, I have to protest against our Board of Supervisors of a time when our county needs all of our help to survive. When I see what our Board and new of our people who will benefit most from it are trying to push down our third, I feel it's my duty or any Hancock County resident to speak out.

First I want to say to the public that I am not against any progress or any person, or any organization, or politician of our county who try to do what is right for our County.

Second, I'm not against a Park and Playground, if we could afford it. But at this time, I feel that we need other things more, such as our roads to be repaired, clean up our County, bring some industry and many more.

Third, the only ones who will benefit from this are the ones who own the land (177 acres) adjoining this property. This is mostly marsh land which is worth hardly anything but they will be paid \$2,250.00 per acre for it.

County Agent's Notes

John W. Smith
County Agent
Hancock County

GOD TASTING MILK

You want your milk to taste good to folks will buy more of it. A little good management on your part will help prevent strong flavors and off flavors in your milk.

To avoid strong feed odors in milk, like silage, feed your silage outdoors in feed bunkers after milking. Good ventilation in the milking barn and parlor is important. Strong silage odors will cause off flavors to be passed into the milk by the cow breathing in such odors prior to milking.

Here are a few points that will help prevent your shipping off-flavored milk:

Remove milking cows from pasture three to four hours before milking. Do not feed green chop forage less than three hours before milking. Feed silage after milking and out-of-doors. Clean out feed bunkers and cover with clean bedding daily.

Change feeds of feeding procedures gradually and prevent a sudden change of feed.

Keep milking equipment clean and properly sanitized. See that the cows and the people who milk them are clean. Keep barnyard and lounging area clean and properly bedded. Cool your milk quickly and keep it cool.

There is no known way of efficiently removing feed flavors from milk and if the flavor situation is to be improved, it will have to be done on the farm.

LAWN CARE

Here are several tips that can help save work and make your lawn more attractive at the same time.

Fertilize now with a complete fertilizer. This will make the grass healthy and give it a better color.

Prevent weed germination. You can use wetable powder sprays of Dacthal or granules of Balan. These should be applied before late March and will control crabgrass. Without crabgrass in your lawn, you will not have to mow so often.

TO BED OR NOT TO BED?

This is a question that is asked often and is hard to answer. But there are some guidelines to follow.

When planting on cool, poorly drained soils, especially before May 1st, then a low bed should be used to plant on. Cotton growing under cool-wet conditions will do better with a little surface drainage and low beds will give this.

Some of the deeper, sandier soils that warm-up early may not need a bed. This is especially true on some of the rolling or upland soils.

Marks Labat, Sr.

Marks L. Labat Sr., a native of Bay St. Louis, died at 1:30 p.m., Wednesday, March 11, 1970, and was buried at the cemetery of St. John the Baptist Catholic Church.

Survivors include his widow, Mrs. Alice Perdine Labat, and a sister Mrs. Edna Bourgeois, both of Waveland.

Funeral services were held at 10 a.m. Friday at Riemanns-Fahy Funeral Home of Lemar-Palo-Fallo, Inc., Arabi, La., with interment in Garden of Memories Cemetery, New Orleans.

Mrs. Lois Carter Jenkins, 82, died at her home in Somerville, Tennessee Tuesday night. She was the mother of Arvel (Slim) Jenkins of Waveland.

The funeral will be at 2:00 p.m. Thursday at Somerville Baptist Church, Crawford Funeral Home, direct.

Survivors include his widow, Mrs. Myrtis Shoemaker Redmond; 12 sons, Eldon, Jessie Jr., Laveloye, Tommy, Gerald, David, Louis, Wayne, Marvin, Jerry and Michael Redmond, all of Biloxi; and George Redmond, Morgan City, La.; seven daughters, Mrs. Gloria Craig, Nashville, Ark.; Mrs. Brenda Courtney, New Orleans; Mrs. Mary McNew, Mrs. Cheryl Woods, Mrs. Sandra Shoemaker, and Miss Audrey Redmond, all of Biloxi; one brother, Thomas Redmond, Biloxi; four sisters, Mrs. Lola Ladner, Kilm, Mrs. Paula Redmond, Gretna, La.; Mrs. Bortie Shemar, and Mrs. Hattie Colom, Biloxi, and six grandchildren.

Funeral services were held at 9:30 a.m. Friday from Bradford-O'Keefe Funeral Home followed by a

burial in St. Mary's Cemetery, Bay St. Louis.

LEA Division

Reorganized

Sheriff Fred Curet, Hardin Shattuck, Supervisor C. A. Russ III and Civil Defense Director Lucien Kidd attended the reorganization meeting of the Law Enforcement Assistance Division in the Courthouse at Hattiesburg Monday.

In the reorganization the former eleven districts were consolidated into four districts for better coordination. Hancock County, formerly in the eleventh district is now in the fourth district made up from twenty counties and embracing a population of approximately 600,000.

Previously known as LEA the division will have in excess of two million dollars in the fiscal year for law enforcement activities.

"Of this amount, said Sheriff Curet, forty-five percent will be spent on the local level and we are now working

on this project before the voters of Hancock County. Call me at 457-0307 Jerry Latour."

Easter Sunday, regular services 9 a.m.

Lutheran Easter services will be held at 9:30 a.m. Easter Sunday at Edgewater Gulf Hotel parking lot.

REGISTRATION MONDAY

Association School informed the ECHO this week that registration for new students will take place Monday, the 23rd Tuesday the 24th, and Wednesday the 25th during school hours. Parents unable to come at that time should contact Sister Jean Lorraine at 437-5594. All new students must be accompanied to registration by a parent, and a birth certificate and baptismal certificate must be shown.

LITE-A-BIKE PROGRAM

"The 'Lite-A-Bike' program inaugurated last week by the V.P.W. Post 3223 proved so popular said Post Commander Albert Blehl, Jr., that we ran out of the reflective tape.

However, more tape has been ordered and a group of V.P.W. members will affix tape to bicycles from 8:30 p.m. until 9:00 p.m. at North Bay Elementary School on Monday, March 23.

SUBSTITUTED TRUSTEE'S NOTICE OF SALE. WHEREAS, on June 6, 1965 Ethel A. Gagnon, a widow executed a Deed of Trust to Herbert R. Chancery, Trustee, for the benefit of Jim Walker Corporation, which Deed of Trust is recorded in Book 100 at Page 01-02, in the office of the Chancery Clerk of Hancock County, Mississippi; AND WHEREAS, this Deed of Trust was assigned to Mid-State Finance, Inc., by instrument dated April 20, 1968 and recorded in Book 100 of Page 888 in the office of the Chancery Clerk aforesaid;

AND WHEREAS, the owner and holder of the aforesaid Deed of Trust has duly substituted and appointed William L. Walker as Substituted Trustee in the place and stead of the aforesaid original Trustee, by instrument dated February 20, 1970 and recorded in Book 138 at Page 848 in the office of the Chancery Clerk aforesaid;

AND WHEREAS, default having been made in the payment of the indebtedness secured by said Deed of Trust, and the holder of the Note and Deed of Trust having requested the undersigned Substituted Trustee to do so, I will, on the 10th day of April, 1970, offer for sale at public outcry and call during legal hours, between the hours of 11:00 a.m. and 4:00 p.m. at the main front door of the County Courthouse of Hancock County, at Bay St. Louis, Mississippi, for cash to the highest and best bidder, the following described land and property situated in Hancock County, Mississippi, to-wit:

Lots 13 and 14, Square #1, Unit #1, Shoreline Park Subdivision as per plat of said subdivision on file and of record in the Office of the Chancery Clerk of Hancock County, Mississippi.

I will convey only such title as is vested in me as Substituted Trustee.

WITNESS MY SIGNATURE,

this, the 16th day of March, 1970.

Merger Rejected By Teacher Convention

In a vote of 1,100 to 1,000, members of the teachers' union in the Bay-Woodland public school system were in attendance last week when the Mississippi Education Association met Wednesday through Friday in Jackson according to Superintendent of City Schools, Joe D. McCullough. The predominantly white group of teachers of the M.E.A. and members of the predominantly black group known as the "Mississippi Teachers Association" voted on a proposed merger.

The National Education Association, ordered the M.E.A. to appear for a hearing in Washington to show cause why it should not be disaffiliated from its merger with its Negro counterpart.

When discussing the M.E.A. convention Superintendant McCullough said teachers attended a group session concerned with their particular category of teaching and improved themselves by having derived a great deal of benefit from the convention. McCullough said teachers were taking pride in their profession and were continually trying to improve themselves.

In discussing students with the Bay High School, McCullough said 68 per cent of the graduating classes went on to college.

Applications are being processed at this time for more movable physical education equipment to be provided through Federal funds and in the amount of \$4,700. This equipment will be used by all of the students. Plans are also being developed for the improvement of play grounds. This, also, entirely from Federal

needs. "We have a satisfactory program going that will assist in meeting the needs of the school for play and sports," said McCullough.

This summer, the High School will again offer a summer training course in addition to the usual summer school program. Most of the adult education courses are vocational with typing, shorthand, and business education being given during a 12 week period.

McCullough said he plans to call a special meeting of the School Board for the purpose of approving teachers for the elementary schools. High School and Junior High School teachers for the Fall term have already been selected and approved.

FOREST FIRES
Although there was a slight slackening of forest fires in Hancock County last year, the total for the first six and a half months of 1970 (January 1 to March 15) is 117 fires which burned 3,853 acres.

ON TELEVISION
Chronco Leader, president, and Frank Leader, vice-president of the Mississippi Wildlife Federation, will be on channel 6 and 13 this Friday morning at 10 a.m., to discuss National Wildlife Week.

PROGRAMS...

(Cont. from Page 1-A.)
Under the auspices of the Office of Economic Opportunity.

Representatives of the Federal Emergency Assistance Program has recently located in the Webb Community Center (for residents of Bay St. Louis), and in the Waveland Town Hall (for residents of Waveland). The program is authorized to make personal loans to hurricane victims not to exceed \$15,200 and are dependent on personal income and resources. The purpose is to rent conditions that exist prior to the disaster. Appropriations have also been made for restoration of streets. The program is highly complex in nature, and representatives would persons who sustained heavy losses in the storm to come to the office and discuss their case, as this program is operated on an individual basis.

Jim Elliott, of General Electric Management and Technical Services Division, spoke regarding a recent planning program for community improvement, and illustrated with a large chart the steps taken: (1) to determine the needs of the community, (2) the resources available, and (3) getting the program into action." He outlined a preliminary study for the 1970 program as it is called, which will be completed and made available shortly. Also from General Electric were Robert Rodriguez, H. J. Hughes, and L. M. Cox, who detailed further the community programs of G. E.

Committees were then discussed on Education, Industry, and Government. Chairmen and members will be assigned next week, McCullough said. Formulated that night were committees on Crime Prevention, and Community Programs.

There will be an Annunciation Parish Council meeting Thursday March 12th at 7:30 p.m. at the Annunciation Parish Rectory. The Annunciation and DeLisle Parish Council members who attended the diocesan convention in Jackson will discuss what they learned there. Among other things the designation of the Rocky Hill Church will be discussed. All members are urged to attend.

Registration for Annunciation First grade students for next fall will be held from March 23rd, thru 27th, at Annunciation School.

What does it cost to air condition your whole home including installation?
AS LITTLE AS \$629.00

That's right! Over the years Day & Night has achieved remarkable breakthroughs in advanced air conditioning design and cost-saving efficiency! And those savings are passed on to you.

We can add on a Day & Night air conditioning unit to your own forced-air heating system quickly, professionally, and economically, too... because we're factory-trained Day & Night air conditioning experts... full-time!

We can also arrange low-cost bank financing... so call us today for details and a free estimate.

New Dealership Is Added To LaneChain

J.C. KOENENN
Simo Koenenn
Highest Award

Corry Lane, president of Lamar-Lane Chevrolet, Bay St. Louis, and Harvey-Lane Chevrolet, Pascagoula, announces the acquisition of Wilder Chevrolet in Lucedale, Mississippi. Officers in the new corporation will be Gerry Lane, president; Tommy Wilder, vice president; Bill Logan, secretary-treasurer and dealer-manager. The new corporation will be known as Lane-Lane Chevrolet and will be closely associated with the other dealerships.

This will be the third Chevrolet dealership in three years.

Gerry Lane came to Bay St. Louis three years ago and became the dealer here. The first year in operation this dealership set records never before achieved by a single dealership. Upon being granted controlling interest in Harvey Lane's Chevrolet, Pascagoula, Lamar Smith became the dealer and manager, and the name was changed to Lamar-Lane Chevrolet.

Gerry Lane also announced that National Car Rental has moved into new facilities in the airport at Gulfport. Lane Enterprises has the National franchise from the western Alabama state line to the eastern Louisiana state line, with approxi-

High Award

Chevrolet Motor division announced that Ray Acosta, manager of Lamar-Lane Chevrolet has won the highest given by Chevrolet by the Ray president of the Manager Club for the New zone. Acosta turned in top performance out of 149 dealerships for the year 1969, and his wife Shirley will be rewarded with an all-expense vacation to Miami, for his outstanding performance. This is the first time that a parts man from the Gulf Coast has earned this most after position.

God Persons
Meets Monday

For 150 members of the Coast Chapter of the American Association of Retired Persons met in the Mississippi Company auditorium in Bay St. Louis, Monday morning, March 9. Fourteen new members were welcomed.

Colonel Charles F. Sutherland, Program Chairman, and Ernest Desportes, Sr., initiated a most colorful program of the history of the company from the landing of the first ship to the 1929 annual from the Buena Vista pier to the Caprice won by a young lady who was to be a coast podiatrist.

W. Pleasant, president of the chapter, reminded the assembly that the Defensive Driving course would be held in the company auditorium on March 16 and 17 starting at 1 p.m.

John Moran, noted artist

of the Gulf Coast area will demonstrate techniques in art in the next meeting of the chapter on April 13 in the company auditorium in Bay St. Louis.

The general public is invited especially persons who might be interested in the association and meeting in its benefits.

Official members were seated in the front row.

Waveland Notes

Hilda S. Gentry Phone 467-4439

It really was a great day for the Irish this past Saturday when all the O'Leathers, O'Bourgoises, O'Connors, the Greenes, Kelleys, O'Molanes, all gathered in Waveland for the Annual Civic Association St. Patrick's Day Parade. There were hundreds of Irish Shamrock Dancers thrown, and the men of the Waveland Civic Association looked quite Irish in their green tunics of shamrocks. After the parade they headed long into the night with dancing and blow bonding.

Mr. A. R. Jenkins of Martel St. was called to Commercialville, Toma, to the bedside of his 84 year old mother who is currently ill.

Home owners who lost all their trees, shrubs and flowers can get a free chart of no cost, by going to the Soil Conservation Office on Natchez Avenue in the Agricultural Building. The plants are Aransas Olive and Bamboo. The Aransas Olive will produce an abundance of small sweet yellow flowers each spring, and a crop of berries in the fall, ranging from yellow to dark red. This makes a lovely hedge or can be spot planted.

The bamboo is used as plant stakes (tomatoes, etc.) fishing poles, windbreaks, screening bottom property lines and supports for other plants. Sycamore and pine trees are also available. The sycamore is a fast growing tree and grows straight and tall with large green leaves producing lots of shade.

Our compliments to Mrs. Ruth Summerville and Mrs. Armstrong Gibbs for the wonderful work they are doing in the School for Exceptional Children, just recently moved to larger and more modern quarters in the Valona C. Jones School, the group made a record play, refrigerator and a television. These were lost during Camille, both are now back and the teachers and students are also moved. Mrs. Summerville phone number is 467-4738 or better still why not bring anything you wish to donate to the school. It will be greatly appreciated.

Cat will widow go out to little Samantha Rummelton, Ed Geron Jr., Ruth Baldwin, Wayne Hardin, Mrs. Shirley Garcia, Cachio C. Rydor, Mrs. Ethel Estepica, and Mrs. Curtis Spill, who have been ill and in Hospital General.

Melrose Family on Coleman Avenue is doing business at the same location in a trailer un-

der the management of Mrs. Dorothy Hollingshead.

Fire destroyed the temporary housing trailer occupied by Mr. and Mrs. Jack Blackwell and little daughter on Sunday morning. The Blackwells were shopping and when they returned the trailer in Cypress Park was engulfed in flames. They were unable to save any of their clothing or other belongings. The Waveland Volunteer Fire Dept. did a wonderful job, but the fire had made too much damage before the alarm was called in. Mr. Edward Molinari head of Tonguebury Housing for Waveland states the Blackwells will receive a new trailer Tuesday.

Mr. and Mrs. Robert Rogers of Chalmers were ever on the lookout at their place on Waveland Ave. . . .

Boy's garage and Service Station, long a Highway 90 landmark has closed and the land sold to an oil company who plan to build a big motor station in the same location on the corner of Hwy. 90 and Nicholson Avenue.

Mr. and Mrs. Sidney Woods have relocated their Beauty Bar in their home on Nicholson Ave. in back of Beauchamp's Grocery Store. The Woods were formerly located on the beach business section of Bay St. Louis until Camille destroyed the shop. Mr. Woods specializes in Indian hair styling, able to create with Marge.

Mr. and Mrs. Irvin Gacor caught a 6 pound sheepshead in our farm pond on our Labadie property last Tuesday. Eventually the large fish was carried all the way from Bayou Caddo, a distance of more than a mile and a half to our pond. The man says Irvin caught a 3 pound green trout and 20 perch, averaging a pound and a half each.

Fifty-fifth Anniversary

Mr. and Mrs. George E. Baul, Waveland, celebrated their fifty-fifth wedding anniversary today. Residents of Waveland for fourty years, they have two daughters, Mrs. Dorothy Ferguson, and Mrs. Annabelle Marquardt, three grandchildren, all now live and well and living in New Orleans. Mr. Baul is a retired employee of the city of New Orleans, with the Department of Utilities.

MR. RICHARD A. SABLE OF CARRIERS, MISS. ACCEPTS DELIVERY OF HIS CHEVY NOVA II FROM CHARLES TOWNSEND OF LAMAR-LANE CHEVROLET, INC. IN BAY ST. LOUIS, MISS.

Mr. Richard A. Sable of Carrizo, Miss., an employee of Coast Electric Power Association wanted to buy a Chevy Nova II over since he saw the 1970's. He decided the best thing to do was to drive around for the best deal offered him. He stopped in Hattiesburg, Picayune, Pascagoula and the Gulf Coast. At Lamar-Lane Chevrolet in Bay St. Louis he talked to salesman Charles Townsend. The Lamar-Lane price given to Mr. Sable by Charles Townsend was the best deal offered him by any elsewhere on a new 1970 Chevy Nova II. Mr. Sable found out that the best deals are at Lamar-Lane Chevrolet in Bay St. Louis and he is very happy that he took the time to visit Lamar-Lane before he bought, as it enabled him to save money. Mr. Sable recommends Lamar-Lane Chevrolet and Charles Townsend to all of his friends in the market for a new car or truck. Visit Lamar-Lane Chevrolet and ask for Charles Townsend, he could save you many dollars.

Happy birthday to Torry Schwartz on March 12th.

Glad to hear Uncle Ed Green is out of the hospital and doing fine.

Sammy and Brenda Carver moved to Bay St. Louis.

We are sorry to say Clara Caro is not feeling well the flu has her.

Mabel and Hal Adams came in for a visit. Mabel has had the flu and been confined to the house for two weeks. She is doing fine.

Mr. and Mrs. Whiting of New Orleans was over for the weekend. Mrs. Whiting said her

RELIGIOUS TEACHING
Religious Instructions in Our Lady of the Gulf Parish for grades 1-6 will be held each Tuesday at 8:15 p.m.

Classes for grades 7-12 have been cancelled for the month of March and will resume April 6.

O.L.C. PARENTS MEET

Our Lady of the Gulf Parents Club will meet at 8 p.m. tonight in the school cafeteria. All members are urged to attend.

Winning science exhibits will be on display.

brother is doing fine. He was on the critical list.

Catherine Little enjoyed her trip to Shreveport, La. where she visited her daughter-in-law and children.

E. J. and Beverly Ladner are making great progress in building their house.

Gloria and Chiquita Kamuff came by for a chat Sunday, always glad to see them.

The horse races at Rocky Hill was a scene of excitement Sunday. Those going from here was Jim Ladner and son Jimmie and Grady James and two sons Garland and Kevin.

Students Attend

Di-State Contest

St. Stanislaus High School students—Jameson Atkins, Patrick Chromatic, Aubrey Hirsh, William Pritchard and Dan Rothchild—will attend the annual Catholic Business Education Association Contest on March 21, 1970. The CBEA Business Contest is being held at Archbishop Chattooga High School in New Orleans, Louisiana, and is under the direction of Mrs. Judith Maggiore, Chairman.

Students from approximately twenty-five schools in the states of Louisiana and Mississippi will compete in the area of Shorthand, Typing, Accounting and Spelling. Other schools attending the contest from the Gulf Coast area are Notre Dame of Biloxi, Sacred Heart of Biloxi, Our Lady of Victoria in Pascagoula, and St. John of Gulfport.

Accompanying the students from St. Stanislaus High School will be Mrs. Joseph Karsanac, business teacher at St. Stanislaus, and Brother Collette, S. C., faculty member at St. Stanislaus and president of the Southern Unit of the Catholic Business Education Association.

**Are you going to go through another year thinking you can't afford an Oldsmobile?**

Our own surveys indicate that quite a few people think an Oldsmobile is out of their reach. They think it costs a lot more than it really does. Result? Many people buy an ordinary car and end up with a less car and value for their money.

It's unnecessary, too, because Oldsmobile has many models that are priced right down with the so-called low-priced cars.

So why not for the ordinary when you can step up to an Olds and all the value Oldsmobile Escape from the ordinary.

that an Olds represents. Take this big, exciting Delta 88, for example. It starts out with a surprisingly modest price. Add to this the features that make it an outstanding value—extra that are included in the modest price: ■ Regular-gear Rocket V-8 ■ Power Steering ■ Power Brakes, front discs ■ Nylon-loop carpeting ■ Side Belts, tires ■ Door Side Guards ■ Hidden Radio Antenna ■ Floor Thru Ventilation ■ Bigger, better riding 124" wheelbase. Check these extra values at your Olds dealer today!

OLDSMOBILE 442
INDY 500 CAR 1970

With Wanda a speedy recovery and hope she is home soon.

On March 24 thru 26 there will be Pre-Easter Services at the Methodist Church in Pearlington. Time is 6:30 p.m.

The hearts and thoughts of Pearlington are with little Elizabeth Douglas who is seriously ill and confined at the Ochsner Foundation Hospital in New Orleans.

SPIN AND UPPER Saturday, March 21st, 6:00 p.m.-8:00, we will Supper and Camp in at Charlton B. Murphy School in Gumbo, Hamptons Southern Fried Chicken will be \$1.00, suppers will be \$1.00 and for children under twelve, proceeds from this will go to a School beautification Project, hopefully to get pictures for the class and shrubs for yards. Donations of Cans, Boxes, etc., are being and You'll Come!

Visiting last week with the doctors were Mrs. Bowers, Mrs. Wilson Aronson of Walton Beach, Florida and Clyde Miller of Ponca City.

In Friday and Saturday, 20th and 21st, there will be Rummage Sale at the Pearson Park Community Center from 10:00 a.m. - 4:00 p.m. The funds will be for the benefit of Logtown Cemetery. Donations of ANYTHING are asked. To make donations please contact either of these ladies, Mary Wyman, Mrs. Gladys or Mrs. Gladys.

Best wishes go to Miss Summers who is in the Bay Memorial Hospital in June.

The wedding of Miss Shelia Caruso of New Orleans to Ronald Eugene Breland of Jackson will be May 5th at Mary's Italian Church in Orleans.

Mrs. Hilda Mateson is home after her stay in the hospital.

Little Wanda Tipton was sick last week at the St. John's Hospital. We

Thursday, March 12, Friends and relatives were in and out all through the day; Marcelline cut a huge cake and opened many gifts. The little Miss was three years old.

Congratulations to Mr. and Mrs. Mike Malloy, of Picayune, upon the birth of their first child, and son, Michael Dustin Malloy. Little Dusty, as he will be called, arrived in the Crosby Memorial Hospital on Friday, March 13th at 4:58 p.m. He weighed in at 8 pounds and 11 1/2 ounces and he was 21 1/2 inches long. Maternal grandparents are Mr. and Mrs. Otto Mitchell, of Picayune. Paternal grandparents are Mr. and Mrs. Winton Malloy, of Picayune. Mr. Charlie Kollar of Pearlington is the great maternal grandfather. Prototypically, Mr. Malloy is the former Dottie Mitchell of Pearlington.

A Stanley Party was held in the home of Mrs. Ray Easter on Thursday night, March 12th. Among those attending were: Mary Wyman, Stanley Representative, Mrs. Eunice Cannon, Mrs. Ruby Bassett, Mrs. Gladys Chapman, Mrs. C. A. Bass, III, Mrs. George Ladd, and daughter Diane.

Weekend visitors in our home this week were Jim's parents and uncle, Mrs. Erma L. Tompkins, Mrs. Grover Morris and Mr. and Mrs. Carl Bailey all of Biloxi.

Don't miss the GIGANTIC Easter egg hunt at the First Southern Baptist Church after services, Easter Sunday. The Easter of the Golden Egg will receive a prize.

Though I was kept at home in a cold, I'm sure there who started the St. Patrick's Day Parade in Waveland really enjoyed the event.

Final plans for the Catholic Supper were made at a meeting last Monday morning at the school. Attending were: Mrs. Edna Barber, Mrs. Ruth Davis, Mrs. Ann McNease, Brenda Anderson, P.T.O. President and Principal of C. B. Murphy, Mr. E. E. Broland. Other Committee members unable to attend were Mrs. Nettie Glavin and Mrs. Ernestine Peters.

Congratulations go out to Mr. and Mrs. James Bruce, of Oak Harbor, for their anniversary on March 17th.

Marceline Evans, daughter of Mr. and Mrs. L. C. Evans, celebrated her third birthday with an open house party on

Wednesday of Astronauts Norman, Lovell and Anders on it. The medallion contains traces of metal carried by the Apollo 8 crew on man's first flight to the moon. The momento was given to the employees in appreciation of their contributions at the NASA - Mississippi Test Facility to the National Space Program.

OUTSTANDING HAWKS. Jeff Larsen, left, Hancock North Central tackle who recovered ten fumbles and blocked four punts last season was selected as the team's outstanding defensive player. J. W. Davis, right, Hancock North Central running back who scored 68 points last season was selected as the team's outstanding offensive player. Bob Hubbard Photos.

Youth Baseball

DADE RUTH OUTLOOK

Though American Legion Boys 130 capped top honors in the 13 through 15 year-old boys' baseball league for three consecutive seasons, the race has always been close from top to bottom. 1970 should be just as close with every team a contender. The last of the boys who started the league three years ago are now ineligible age limits but are eligible for the Babe Ruth Seniors.

LITTLE LEAGUE OUTLOOK

Merchants Bankers and the Gulf Nationals, perennial Little League powers face team rebuilding this year while the Hancock Bank Bucks and the Jaycees favor the probable front in a patient three-year building effort.

The Merchants sailed through the 1969 in the plain with a 1 record and then were unable to put together successive wins for the Bucks and the Jay. In 1970 the Bucks and the Jayces should return with a intact veteran teams, but Na-

tional have five or six returnees to build around.

Steady improvement during 1969 was shown by the Rileman and American Legion clubs who lost very few players due to age here. They should be strong contenders this year.

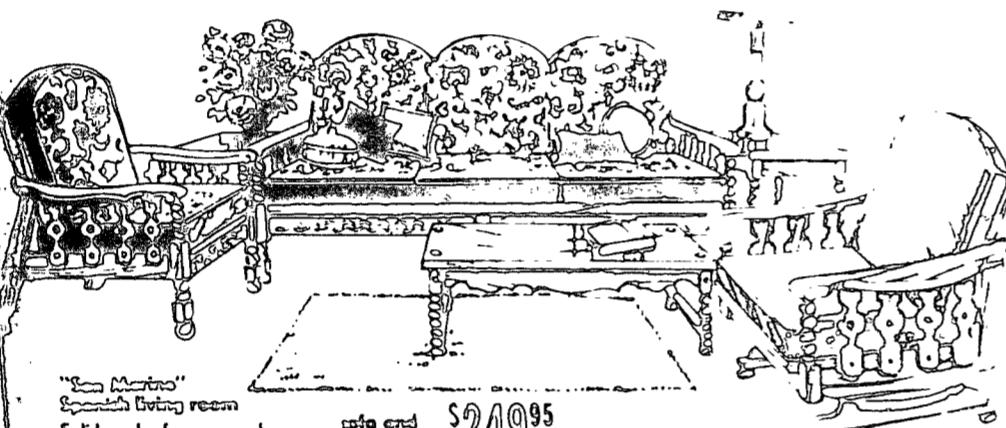

OVERALL PICTURE
League prognosticators say that with an outstanding group of thirteen year-olds coming up along with other replenishments in 1970 Youth baseball contests in the Bay will be tight and the action lively.

KANTCHA KETCHUM

By L.S. (Doc) Elliott

Had beautiful days over the weekend but the cold front that visited our section, plus dirty water hampered fishing locally both fresh and salt water. The rise in Pearl River has muddled the river and its tributaries. Jordan River, Bayou LaCrosse and most bayous were unfit for fishing. The high north winds caused rough water out front making hard crabbing impossible while the cold weather affected soft crabbing. Soft crabbing should start real soon. It is time for that particular sport to begin. Floundering is also out at this time.

Dr. Emile Bertucci and Yours Truly caught a nice mess of green trout up Cutten Bayou last Friday.

Sam Favre, John Gafford Sr. and Jr. and Bob Green made a trip to the marshes on the weekend. Haven't heard of them.

Wop Glover was down in New Orleans checking on fishing. Wop enjoys fresh water fishing and should be over on every occasion when conditions get back to normal. He's pretty good at catching fish.

Andy Anderson and family were out at their trailer in Shoreline Park looking things over. Andy and his friends had a lot of fishing in this neck of the woods.

The St. Lawrence Day dance and dinner was held Saturday night at the St. Lawrence. An annual affair enjoyed by local folk.

The wearing of the red shirt is good luck for the Roosters.

Julian Lazzarini, a local water fanner in Bay St. Louis caught a few breakers little by little.

Taken to the beach is still keeping him around. His son is gone.

John Gafford, Jr. and wife Kim does a lot of fishing. Kim catches a lot of green trout and is a good fisherman.

Horace Martin is still busy to summer vacation. Horace does most of his fishing right out front along the bridge. He catches a lot of fish and said it won't be long before shrimp will be coming in again.

John Scarfano, son of Matherne went after trout at the creek. He didn't catch any according to John.

Even Watson Johnson is complaining about the weather and bad fishing. When Watson doesn't git 'em, they can't git 'em. It's a pleasure talking with him.

Arthur Murphy said he hasn't been fishing in a long time, remember, he did his share of it.

Edmund Judge, Holman, goes to the beach to fish. He goes to the beach to go fishing.

One way to get away from Billy Bushy and company of Memphis has a great experience recently. Weekend camping at the sea schools or Kentucky Lake. They were walking along the shoreline when they saw some fish swimming slowly. They jumped in the water and weighed out a 12-pound, six-inch buffalo, Kentucky lake is near Martin, Tenn. Sent in by Luke Elliott of Memphis. Thanks for it.

Test the wind before going fishing. St. Louis show which way the wind blows and a girl's knees show when the wind blows.

Was good for sore eyes to see and talk with Frank Trapani. Bad weather is holding up the building of his new place of business on Hwy. 90. Keep an upper lip Frank, we can still eat fish and soft crabs while waiting.

Perch Lema and Perch Bayou used to be ideal for perch and green trout fishing. They are up Walets Bayou off of Pearl River.

RADIO
ALL TYPES OF
SMALL APPLIANCES

Gonna try them pretty soon.

If the water is good in Pearl River a trip up from Logtown can be pretty profitable for catching fresh water fish. There are such places as Walets Bayou, Nesian Landing, Bull Frog, English Bayou and Mike's River. These places are next to most folks these days but are real good for fishing when things are right. There are some mighty big bass in them there parts.

Old Timers like Bob Genin, Carl Bragg, C.C. McDonald, Bill, Bob Mitchell, Albert Hitt, Fred, eagle and others like Ed Carruth, Jim Whiffield, Larry Carruth, August Kaukel and Alton Mauffray made these places their fishing hang outs for many years. We'll be fishing in those places again. It's interesting and part of our fishing history that we made a lot of trips and fish free water is just in the system.

SPORTSMAN OF THE WEEK
Dr. Emile Bertucci of New Orleans is pretty busy fixing up his home. (Wife hunts, skin dives and what have you?) Participation in active sports is good for what ails you, says Doc. He is a walking advertisement for the Gulf Coast.

NECAISE LEADS AGAIN

For the second basketball season Mike Necaise of Bay St. Louis led the William Carey College roundballers in scoring with a 20.3 average. The William Carey Crusaders finished the season with a 19-7 record.

Teacher And Student Recognized At Bay St. High

Mary Lane, M.D., of Ponchatoula, chairman of the Mississippi Economic Council's Teacher Achievement Program, announced that Mary Ellen Murphy at Bay Senior High School, Bay St. Louis, has been named to the school's Star Teacher.

The selection was based on the student's high academic averages for the first quarter and high score on American College Test. Thomas E. Johnson was named the Star Teacher. Star Student was awarded to the qualified Mississippian teacher, regardless of sex, who, in the Star Teacher's opinion, made the greatest contribution to his or her achievement.

A Star Student and teacher will receive framification from the MEC, the chamber of commerce. Awards will be presented at an assembly.

Student Mary Ellen Murphy, 16, the 10 year old daughter of Mr. and Mrs. S. P. Murphy, 224 Faletta Street, Bay St. Louis, Mississippi Student Council President, National Merit Finalist, in-charge of Student was selected Most Likely to Succeed from the senior One Year Cooperative Representative, Who's Among American High Students, Parliament of the French Club, Treasurer of Bay High chapter of National Honor Society, Outstanding Senior from National Society. She plans to attend college in the fall.

Star Teacher, Mr. Thomas E. Johnson, 104 Boardwalk Avenue, Bay St. Louis, a teacher of Biology, Chemistry, Physics, and Physical Science selected Star Teacher of the Year. He received A. S. in Biology while attending Mississippi College and University of Southern Mississippi where he has taught school years. Among the honors he received while teaching at St. Martin High School was Dedication in 1965, Vice

President of the OLG Altar Boys

Father John Noone, assistant at Our Lady of the Catholic Church and in charge of the OLG Altar Boys honored Wednesday even-

ing March 11, by the boys with a well Party. Father Noone has been here approximately two years is leaving to be with Catholic Charities, Jackson.

MR. R. J. WALLACE OF POPLARVILLE, MISS., ACCEPTS DELIVERY OF HIS NEW CHEVY PICK-UP FROM J.C. KOENENN, SALESMAN AT LAMAR-LANE CHEVROLET, INC.

Mr. R. J. Wallace of Poplarville, Miss., had been in the need of a new pickup truck. He shopped around a bit and then he decided that he would drive down to Bay St. Louis and see what kind of a deal he could get at Lamar-Lane Chevrolet as he had been hearing and reading in the papers about all of the good deals folks get at Lamar-Lane Chevrolet. At Lamar-Lane Chevrolet Mr. Wallace was greeted by courteous J. C. Koenenn. Mr. Wallace found out that all of the things he had been reading about Lamar-Lane were true because when J. C. gave him a Lamar-Lane price on a new Chevy pickup it was the best deal offered him. Mr. Wallace was very happy that he took the time to drive to Lamar-Lane Chevrolet before he bought as he saved many dollars. If you're in the market for a new car or truck visit Lamar-Lane Chevrolet and ask for J. C. Koenenn, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MR. R. J. WALLACE (A Gerry Lane Enterprise) Adv. Poplarville, Miss.

Twelve Openings In Classes For Practical Nurse Training

Twelve high school graduates may be enrolled for an interesting course to be given at the Hancock General Hospital under the instruction of Mrs. Shirley Hunter and Mrs. Nolan Lachow when a new class for Practical Nurses begins in September.

Mrs. Hunter says the course can be completed in one year's time and following graduation the practical nurse is assured of a profession that provides security while giving the satisfaction of a most rewarding career. Mrs. Hunter, a graduate of L.S.U. Baton Rouge came to Hancock General after four years of work in the Baton Rouge General Hospital. She said: "If you are looking for a profession that is flexible, and interesting you'll find it in the field of nursing." She pointed out the various jobs open to a graduate practical nurse such as work in nursing home, doctor's office, clinics, on private duty, with the Veteran's Administration, as well as work within the hospital.

When asked what specific character traits are needed for nursing Mrs. Hunter said: "First of all a cheerful disposition, a good sense of humor, patience and dedication to duty." The Nursing School is taught in co-operation with the Vocational Education Program, an ongoing service of Pearl River Junior College, offered through the State Department of Education. Students receive part of their training "that is obstetrics and podiatry" at

the Memorial Hospital in Gulfport.

H. J. Blackledge, Administrator of the Hancock General Hospital, says applications for the Nursing School are available through the hospital. A high school graduate who is 16 years of age or older may apply. Also older persons up to age 50 are acceptable. For those who have not finished high school, but who are interested in becoming a practical nurse there is a "high school equivalent" test given through such institutions as Job Davis and Pearl River College. Those passing this test qualify for admission in the class. Only other requirement is admission test given by U.S. Employment Office. The classes run eight hours a day Monday through Friday. Tuition runs \$90 per semester or \$120 for the course. Students pay the first \$30 upon registration in September and the remainder at mid-term which starts in January. In addition there are a few nominal costs such as uniforms and duty shoes, a stopwatch, watch, and cost of lunches bought at the hospital cafeteria. Mrs. Hunter said: "Actually with two months salary following graduation all these expenses can be repaid".

Manager Blackledge said much of the instruction is on a personal and individual basis and we try to turn out superior nurses. That is why we urge those interested in getting in our next class to make an early application. It will give them the summer to plan toward entering the school and buying the necessary supplies. Those students must also supply their books which cost in the neighborhood of \$25.00. A summer job could make the difference, and give the student time to arrange transportation to classes, etc. This training is taught on college level and we are looking for serious students who really want a career with good pay. There is a great demand for nurses -- the demand always exceeds the supply. We always have a waiting list for our graduates."

ON DEAN'S LIST

Mary Kathryn Dearing, Wil-

Mississippi Employment Tests are free of charge and there are two convenient locations for taking admissions test. One is located at 1605 - 23 St. in Gulfport, and the other is in Picayune. Those interested should take this required test prior to making application for training in the Hospital's School of Practical Nursing," concluded Mrs. Hunter.

Ellsworth's Elephant Walk

By Joe Pilot

Ellsworth (Cotton) Collins happens to be an uncommon man. Of course there is nothing extraordinary about the fact that he stands 5'11" tall and weighs 180 pounds. What makes him exceptional is his ability to do so many things and do them very well.

To begin with, the sign in his yard lets passerby know that he is a sign painter, a car and tool carpenter, a painter, a wood-work specialist, and a restorer of fine old furniture. These are his vocational trades -- but not quite all of them. He is also a musician playing a "tambourine" and a banjo violin in Harry Fairweather's band. Cotton admits that it took him two years to design and make his "tambourine" for even the boys and many of the parts are hand made.

Golden Hammer
Cotton's efforts were recognized and his success in creating the "tambourine" instrument were rewarded in 1963 when he entered the Science and Mechanics' Craftsmen Contest and his project was "runner up" for first award. Also he received the Golden Hammer 16 K. gold tie clasp award and a certificate of merit for excellence in his wood work entry.

Went to St. Rose
Ellsworth Collins is a bachelor and has lived these fifty years of his life in St. Louis. In the family were his father, who made shoes and also earned considerable money as a musician; his still living 80 year old mother who raised her four sons and two daughters to have every advantage the family budget could be stretched to afford. That is why Ellsworth was able to attend St. Rose de Lima from first grade through High school, although tuition in those days was 10 cents a week for each pupil and they had to buy their own books. The school, Ellsworth recalls, had nine teachers -- mostly German Nuns. One especially was most inspiring and helpful. He refers to her as "Sister Auxiliary". She taught art.

Cotton 'n' Babe'
After school Ellsworth went at least once a week to take a private music lesson in the home of "Babe" Bennett. Babe charged 35 cents for a lesson. He was a good instructor and the lessons lasted well over two hours. The Collins' produced two musicians. Ellsworth has a brother who is a drummer in the United States Air Force Band.

Wood Crafts
Ellsworth became increasingly interested in Art, at the age of 16 he did a self portrait which is framed and hangs in the next workshop which is in the same yard with his white frame old-fashioned cottage located at 216 Sycamore Street. The home has an air of permanency about it. Prior to Hurricane Camille a very large and 200 year old pecan tree shaded the home, and added "Deep South" charm. The entire cottage has been embellished with carved wood-work designs that Ellsworth made in his spare time. Breezes that stir through the trees and gentle rain falling on the corrugated tin roof are musical sounds to the Collins' family, but they also have a stereo with music piped from the home into the work shop.

Turning Point
Everybody has some peak moment. For Ellsworth it was the Ringling Brothers Barnum and Bailey Circus. The big tent with all the inclining side shows came to Biloxi when Ellsworth was about 19 years old. He was then a man of the world, earning \$100 plus a few hundred in the carpenter trade. Seeing the animals and trapeze acts made a great impression and put Ellsworth in a creative mood. He wanted to would reproduce the whole circus in miniature form. So he began to read and to study about directions and animals and says the best source of information came from the National Geographic, an article called Circus Action in Color. It was written by Harold E. Edgerton in Volume CVIII, No. 3, 1948. Ellsworth still has that well-worn volume along with neatly and carefully preserved back issues going to about 1948. He also kept his Popular Science

and Mechanics illustrated booklets. However, terminals are book worms, too, and he's lost some of this collection to the insects.

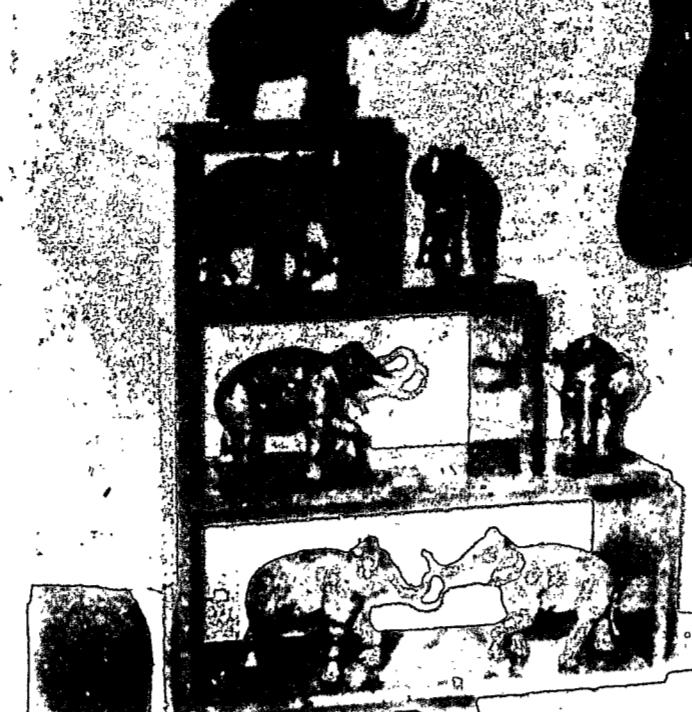

Mica Louisa Helped
Mica Louisa Crawford hired Ellsworth to build shelves in Bay St. Louis' first public library. It was located on the upper floor of the Hancock Bank Building. As a bit of research about circus animals and their trainers went on before Ellsworth decided to was ready to make a correspondence course from the Art Institute of Indianapolis, Indiana. He didn't complete the course, but learned the basic things he needed to know most in order to reconstruct his miniature three-ring circus. In all he has carved more than 200 figures, has a trapeze act that really works and has captured the thrill of the calliope, the lion-tamer, performing elephants -- the glitter and excitement of fierce wild animals safely encased behind the bars of transport cages.

No Sale

Ellsworth will not sell any part of his carved circus menagerie, but will reproduce carvings for sale on order. Occasionally he gives an animal to a person he really likes very much or admires. Carved gifts have gone to some nuns, interstate citizens, relatives and special friends on special occasions. It takes Ellsworth about two or three days to carve a 12" x 8" elephant. His price runs about \$50.00.

The three ring circus is Ellsworth's gift to the community projects in which he is interested. He spends hours assembling his circus and last year put his exhibit on display in the Conference Room of the Hancock General Hospital in recognition of National Hospital Week. In carving he used mahogany, maple, ponderosa pine, balsam and many other woods which he selects because of their particular character and for a specific use. He has a fine feel for wood and a true appreciation for antiques which he studies and restores. He carves, repairs, duplicates missing or broken parts with the greatest devotion of a dedicated artist.

Work's Rewarding
A man who refuses to limit himself to one specialized talent, Ellsworth frequently picks up a house painting brush and goes to work. He has dozens of carefully cleaned brushes in readiness. For Ellsworth feels that in the final analysis any job that makes the world more beautiful, more useful or adds to the comfort or hap-

ELLSWORTH'S ELEPHANTS - This unique menagerie consists of the handcarvings of one Ellsworth Collins. He has been making beautiful designs with his hands since he was a little boy.

piness of any human being is a rewarding task. Yes, Ellsworth (Cotton) Collins has had lots of rewards already. Great ones to come!

Elephant Walk
Recently Ellsworth arranged a display of his favorite circus elephants as a conversation piece for the interact of guests who assembled in the home of a friend to celebrate a number of "March" birthdays. The seven elephants in the photograph are a part of

this exhibit. Each beast is in a life-like stance -- each different -- each amazingly accurate in proportion. An elephant walk incomparable! Created by a man who really had the privilege of walking with an elephant -- and only knew elephants as photographic reproductions on slick pages of magazines -- or from the distance of an observer watching circus elephants perform.

Yes, Ellsworth (Cotton) Collins happens to be an uncommon man.

Local Man Licensed As Marine Engineer
Paul Clement Bourgeois, Jr., son of Mrs. Paul C. Bourgeois, Sr., Bay St. Louis, Mississippi and the late Mr. Bourgeois, has become a licensed marine engineer after completing a two-year course at the Calhoon M.E.B.A. Engineering School, located in Baltimore.

Engineer Bourgeois received his license from the Coast Guard and his graduation certificate during ceremonies held for the fourteenth class of young men to pass the intensive course which includes one year of classroom training and one year as an apprentice aboard an American-flag merchant vessel.

Bourgeois now will sail as a third engineer aboard an American-flag merchant ship under contract to District 1-Pacific Coast District, National Marine

PROMOTED IN VIETNAM

Marine Lance Corporal John L. Schuegel, husband of the former Miss Judith Hayward of Waveland, was promoted to his present rank while serving with the First Marine Division in Vietnam.

Captain Miller Receives Wings

Captain Paul M. Miller II, son of Mr. and Mrs. Paul M. Miller of Hickory Lane, Bay St. Louis, Miss., has been awarded U.S. Air Force silver pilot wings upon graduation at MacDill AFB, Fla.

Captain Miller is being assigned to Charleston AFB, S.C., for flying duty on the C-141 Starlifter cargo-group carrier. He will serve with a unit of the Air Training Command which provides flying, technical and basic military training for USAF personnel.

The captain, a 1961 graduate of Bay Central High School, attended the University of Mississippi, Hattiesburg, and received his B.A. degree in 1965 from Millsaps College, Jackson, Miss. He is a member of Kappa Sigma.

Captain Miller was commissioned in 1966 upon completion of Officer Training School at Lackland AFB, Tex.

CAPTAIN MILLER

ON PRESIDENT'S LIST

The University of Southern Mississippi, Hattiesburg, announced this week that Susan Marie Ryan, Bay St. Louis, was named on the President's list for the Winter Quarter. To receive this top academic honor, a student must have a straight A average on a minimum of 15 quarter hours work.

IN WASHINGTON

Charles Hill, Hancock County Port and Harbor Commission director, is in Washington, D. C., this week, as a result of having been appointed as a delegate by Congressman Colmer to the National Rivers and Harbors Congress. He will join a group of delegates from other areas of the state, in a four-day convention at the Mayflower Hotel, ending March 20.
